THIS DECLARATION, made this 6th day of November, 1958, by THE KENDALLWOOD CORPORATION, a Michigan Corporation of 19426 Grand River Avenue, Detroit, Michigan, hereinafter referred to as the Grantor,

WITNESSETH:

WHEREAS, The Kendallwood Corporation is the owner in fee of all the lands hereinafter described, and

WHEREAS, the said Kendallwood Corporation has become proprietor in a plat of its lands as mentioned above, known as Kendallwood Subdivision No. 4, a subdivision of part of the West 1/2 of Section 10, Town 1 North, Range 9 East, Farmington Township, Oakland County, Michigan, and

WHEREAS, the said plat of said subdivision, having been duly approved by proper governmental authorities, has been recorded in the Office of the Register of Deeds for Oakland County in Liber 96 of Plats, Pages 23 and 24, and

WHEREAS, said recorded plat covers Lots numbered 703 to 824 inclusive and Outlot D, and

WHEREAS, it is the purpose and intention of this agreement that all of the lots in said subdivision (except Outlot D, which may be used for private club purposes, or for any other purpose permitted by applicable zoning laws) shall be conveyed by the Grantor subject to reservations, easements, use and building restrictions provided to establish a general plan of uniform restrictions in respect to said subdivision, and to insure the purchasers of lots therein use of the property for attractive residential purposes, and to secure to each lot owner full benefit and enjoyment of his home, and to preserve the general character of the neighborhood,

IT IS HEREBY DECLARED that the following general restrictions are covenants running with the land, binding on the heirs, personal representatives, successors and assigns of the Grantor, and the Grantees of all individual lots in said subdivision, for the time limited in this instrument:

1. USES OF PROPERTY

(a) Each lot shall be used for providing residence purposes only and no building of any kind whatsoever shall be erected, reerected, moved or maintained thereon except a private dwelling house. Such dwelling house shall be designed and erected for occupation by a single private family. A Private attached garage or attached car-port, for the sole use of the respective owner or occupant of the lot, may be provided. Only one dwelling may be erected on each lot, and no lot may be divided, unless used in conjunction with the adjoining full lot.

(b) Notwithstanding that which is contained in the paragraph directly above, and subject to the approval of any proper governmental body having authority therein, it is expressly provided that lots numbered 745, 746, 814 to 824 inclusive, may be used for the practice of medicine or dentistry by the occupant thereof, provided that the practice of such professions shall be limited to the individual practice of the occupant and may not be extended to include the practice of either of these two professions by any person not the occupant and resident of the house from which such practice is maintained, and provided further, that a single sign only, and unlighted, may be placed on the front lawn or in the front window of the house, limited in lettering to the name of the physician or dentist, and the name of his profession, such sign to be not larger than 8 inches by 30 inches.

(continued)

Any covenant, condition or restriction in this document indicating a preference, limitation or discrimination based on race, color, religion, sex, handicap, or age, is hereby declared null and void, and is hereby amended to read: U.S.C. § 806

(c) Notwithstanding that which is contained herein to the contrary, the Grantor, his agents or sales representatives may occupy and use any house built in the subdivision as a sales office for handling sales of lots and/or houses until all of the lots and/or houses built in this subdivision shall have been sold.

## 2. CHARACTER AND SIZE OF BUILDINGS

(a) No building or other structure shall be commenced, erected, or maintained, nor shall any addition to or change or alteration to any structure be made, except interior alterations, until the plans and specifications, prepared by a competent architect showing the nature, kind, shape, height and materials, color scheme, location on lot and approximate cost of such structure and the grading plan of the lot to be built upon shall have been submitted to and approved in writing by the Grantor or the Architectural Control Committee, and a copy of said plans and specifications as finally approved, lodged permanently with said Grantor, or said Committee.

(b) Fences, garden walls, and other devices used from time to time in separating properties, may be constructed or erected only after plans, details and materials of such proposed fence, wall or other device shall have first been submitted in writing to the Grantor or Architectural Control Committee, and the same shall have been approved by it or them. In any event, no fence shall extend on either side of the lot toward the front of the lot farther than the rear line of the house on each side.

(c) The Grantor and/or the Architectural Control Committee shall have the right to refuse to approve any such plans or specifications or grading plan, which are not suitable or desirable in its opinion for aesthetic or other reasons; and in so passing upon such plans, specifications and grading, it shall have the right to take into consideration the suitability of the proposed building or other structure to be built to the site upon which it is proposed to erect the same, and the harmony as planned in view of the outlook from the adjacent or neighboring properties. It is understood and agreed that the purpose of this paragraph is to cause the platted lands to develop into a beautiful harmonious private residence section, and if a disagreement on the points set forth in this paragraph should arise, the decision of the Grantor, or the Architectural Control Committee shall control. No building or structure shall be built using cement or cinder block, asbestos siding, or stucco on exterior walls.

(d) However, in the event the Grantor or the Architectural Control Committee shall have failed to approve or disapprove such plans and location within 30 days after the same shall have been delivered to the Grantor, or to such committee, then such approval will not be required provided the plans and location on the lot conform to, or are in harmony with, existing structures in the subdivision, these restrictions, and any zoning law applicable thereto.
